Introduction to Pathway Partners

The Tobago Hospitality and Tourism Institute has fostered relationships with world renowned institutions and organizations to offer our students unmatched opportunities for growth and experience amongst various cultures within the global Culinary Arts, Tourism and Hospitality Industry.

Our pathway partners provide a host of unique opportunities for further studies and for you to complete your Bachelor's Degree in 1-2 years both locally and internationally.

Pathway Partners

Our Pathway Partners include :

- **University of the West Indies (UWI) St. Augustine Campus**
- **Business & Hotel Management School (BHMS)**
- **Institute of Tourism & Hotel Management (ITH)**
- **Johnson & Wales University (JWU)**

University of the West Indies (UWI)

The University of the West Indies (St. Augustine Campus) and the THTI enables students to pursue a Bachelor of Science Degree in International Tourism Management at the university via a 2+2 Degree Program and Transfer Agreement.

The UWI has agreed to allow holders of any Associate Degree awarded by the THTI to be admitted to the University.

Students willing to pursue this pathway must attain GPA of 2.5 or higher at Associate Degree level.

Johnson & Wales University

Johnson & Wales University has expressed their intentions, to facilitate and develop a meaningful and mutually beneficial Global Strategic Relationship with THTI to develop pathways that provide students from both institutions with the options of doing a semester abroad at each other's institutions.

This strategic relationship would encourage;

- Academic collaboration for students and faculty exchange programs.
- Explore opportunities for joint research programs, professional development programs for faculty and staff.
- Create academic pathways for THTI students to pursue undergraduate and postgraduate programs at Johnson & Wales University.

Frequently Asked Questions

What is a Pathway Partner?
A regional or international institution with whom THTI has an approved collaborative agreement. These agreements allow students to transfer a limited number of credits between both programs, thus decreasing the time it takes to complete their Bachelor's degrees.

What are the benefits of a Pathway Partner?
Pathway Partners allow interested students to acquire their bachelor's degree in a shorter time period while improving their exposure to different cultures and international markets. This experience enhances the student's marketability and offers increased opportunities for various career paths.

Who can pursue the Pathway to Bachelor's Degree Programme?
Students who have completed their Associate degrees and wish to improve both their knowledge and experience at a regional or international level by completing a Bachelor's Degree.

When should I apply to a Pathway Partner?
Students should apply to their pathway partner of choice within their final year of their Associate Degree.

How do I apply?
The entry requirements of each institution may vary. Please contact their representatives for further details.

Frequently Asked Questions

How is the Pathway to Bachelor's Degree Programme Funded?
Students wishing to pursue the Pathway Partnership are 100% responsible for funding their educational experience.

Can the Pathway to Bachelor's Degree Programme be completed online?
The availability of completing a Bachelor's Degree will vary amongst institutions. Please contact their representatives for further details.
